CIO STREAMS LIVE!

We launched new ways for our viewers to interact with our flagship public affairs program, *Colorado Inside Out*.

We now provide a live stream of the program as it tapes every Friday at 12:15 p.m., and include web-exclusive, behind-the-scenes segments at the end of every webcast.

#NowYouCanGoOutOnFridayNight

As *Colorado Inside Out* kicked off its 23rd season, we also celebrated another Emmy award for Best Interview/ Discussion program for our *CIO Time Machine* special, traveling back to the issues and news of 1973.

OpenAir® New music from Colorado Public Radio LIVE & LOCAL

Our new partnership with Colorado Public Radio included the premiere of *OpenAir Live & Local*, a new independent music series to complement our own *Sounds on 29th*, which was named Best Music Television Show in *Westword's* "Best of Denver 2014."

#SaturdayNightRocksOnCPT12

In the fall of 2014, we documented the process of students coming together with community elders to tell their civil rights stories. The documentary, *"If Not Us,"* airs in 2015.

#StandingUpforWhatYouBelieveIn

We brought our broadcast signal into high definition, making the most of our beautiful programming.
#HDLooksGoodOnUs

Our corporate support enjoyed an 84% renewal rate.

#BrandsBenefitFromCPT12

We premiered two documentaries in 2014, *Neal Cassidy: The Denver Years* and *Tolerance: Mary Mackey and The East Side Gallery*.

#ColoradoStories

American Graduate continues to be the centerpiece of our education community engagement work; giving voice to youth at risk to tell Colorado's dropout crisis story.

Working with organizations who are the boots-on-the-ground in Colorado's dropout prevention and recovery community is key to our success.

#AmGradCPT12 #GraduationMatters

We continued our tradition of providing the most in-depth election coverage in Colorado with 14 episodes of *Colorado Decides*, our election season debate series produced in conjunction with CBS4, covering all of the major ballot issues, along with important statewide and Congressional races.

We also premiered *Both Sides of the Story*, an inventive series that showcases Colorado high school speech and debate students debating policy issues that the state of Colorado faces each year.
