## **GARY NULL CREDENTIALS**

### **Gary Null Ph. D.**

An international expert in the field of health and nutrition, Gary Null, Ph.D. is the author of more than 70 best-selling books on healthy living and the director of over 100 critically-acclaimed full feature documentary films on natural health, self-empowerment, and the environment. In 2012-13 he wrote, directed, and produced the following multi award winning films: The War on Health, The Silent Epidemic, American Veterans, Seeds of Death, and Chew on This. He is the host of "The Gary Null Show"; the country's longest running nationally syndicated health radio show which can be heard daily on ProgressiveRadioNetwork.com. Additionally, Gary Null's radio program has been heard on New York City's WBAI since 1977.

Throughout his career, Gary Null has made thousands of radio and television broadcasts throughout the country as an environmentalist, consumer advocate, investigative reporter and nutrition educator. More than 28 different Gary Null television specials have appeared on Public Television stations throughout the nation, inspiring and educating millions of viewers. He originated and completed more than one-hundred major investigations on health issues resulting in the use of material by 20/20 and 60 minutes.

### **General Statement from Gary's office:**

"...whatever we do publish or produce is thoroughly medically vetted or, if what we are presenting are the findings or research of others, these medical researchers and practitioners are board-certified, highly respected, and that their research is, as a 'matter of course,' peer-reviewed in recognized medical journals and publications."
